SUPPLEMENTARY INFORMATION: On June 18, August 6 and 13, 1999, the Committee for Purchase From People Who Are Blind or Severely Disabled published notices (64 FR 32844, 42902 and 44198) of proposed additions to the Procurement List.

The Following Comments Pertain to Full Food and Dining Facility Attendant, Fort Polk, Louisiana

Comments were received from an organization which represents blind vendors under the Randolph-Sheppard Act, 20 U.S.C. 107, and from the State agency responsible for licensing blind vendors in Louisiana. Both commenters stated that addition of this food service to the Procurement List would be a direct violation of the Randolph-Sheppard Act, which they believe affords blind vendors a paramount priority in the operation of military troop dining facilities. Both commenters requested that the Committee withdraw the proposed addition of this food service to the Procurement List so that the service might be performed by a licensed blind vendor under the Randolph-Sheppard Act.

It is the Committee's longstanding position that the Randolph-Sheppard Act, which by its terms applies to "concession vending opportunities" (20 U.S.C. 107a(a)(2)), is not applicable to Government food service contracts financed by appropriated funds, such as military troop dining facilities. Consequently, the Randolph-Sheppard Act is no bar to the addition of this food service to the Procurement List, and the Committee declines to withdraw its proposal to add the service to the List.

The State licensing agency cited an authority added to the Randolph-Sheppard Act in 1974, which permits the Department of Education to establish a priority "for the operation of cafeterias on Federal property by blind licensees," 20 U.S.C. 107d–3(e), as a basis for the establishment of Randolph-Sheppard jurisdiction over the food service being added to the Procurement List. The Committee is familiar with this authority and its legislative history, and does not agree with the State licensing agency's conclusion for several reasons. First, "cafeteria" as used in the Randolph-Sheppard Act is defined as a subset of "vending facility," 20 U.S.C. 107(e)(7), and Randolph-Sheppard vending facilities are concession operations, as noted in the preceding
